REASON FOR APPEAL:

When the 23-1 lockdown for covid went in place at the end of December, I started an Informal IGP about the effects of solitary confinement and what it was doing to effect me in a negative mental way. I responded to the informal response with a formal, and the formal response with a wardens IGP. I never received the Wardens response, and the IGP was submitted well past 15+ business days ago. I've since complained about not receiving mental health treatment needed after solitary confinement, and was
