DC DOC MEDICAL

Reason for Complaint:

I was seen at medical for ear pain, and a possible ear infection. The doctor prescribed me a pill, and also a nasal spray. I have received the nasal spray, but not the pill. My ear is still hurting, popping, and feels like fluid is in there. I out a request in for medical yesterday to receive my meds that I was told I'd receive, but heard nothing back. There were no Sick Call slips, so I had to use a Request Form instead. I wrote at the top that there were no sick call forms available. I've asked the people who deliver medicine to the pod everyday about my meds, but they also don't have an answer for me. I am in pain, and have been all week since I've been seen originally. Please help. Thank you Ryan Nichols C2B
