Date of Incident:

Time of Incident:

11:30AM

Offender:

Lieutenant Moore

Reason for Complaint:

Lieutenant Moore, and another ranking officer came to our pod and indiscriminately sprayed many people while trying to spray Bryan Mock. They followed him around the pod spraying towards him, but often missing him and spraying multiple peoples cells and air vents along the way. My air vent, along with many other people in C2B were effected by the spray and had trouble breathing. We eventually had to assist 2 older men out of their cells who did they couldn't breathe and needed medical attention. One was Lonnie Coffman, who is in the cell next to mine. Another is Dan Caldwell, who begged us not to let him die. This was a viscous attack on not just the person who was in trouble, but many innocent bystanders who did absolutely nothing wrong and could not escape the spray. This type of punishment we are receiving is not right, and should not be happening to pre trial detainees who followed all instructions and did nothing in that situation.
